

MX-Series LCD Monitor 24"

The MX-Series displays are designed for durability and easy cleaning. It features Full HD resolution, It features Full HD resolution, medical grade (60601-1 certified) power supply and DICOM Part 14 specification compliance, and provides excellent image quality, colour reproduction and image contrast. The MX-Series is specifically designed for 24/7 operation in demanding medical settings.

THE DISPLAY CHOICE OF PROFESSIONALS

DICOM Mode

Easy to Clean and Reliable Design

The anti-acid and anti-alkali coating treatment of the NeoVTM Optical Glass help the MX-Series withstand alcohol and other commonly used cleaning solutions. With the displays also bolstered by metal casing, this proprietary glass technology shields them from scratches and other damage.

Consistent Image Clarity

The MX-Series is compliant with the DICOM Part 14 standard specifications. This calibration function corrects gamma and luminance to achieve the smooth grayscale that is required for the accurate and consistent appearance of clinical data and other review images.

Versatility and Multitasking

Multiple signal source options, including HDMI and DisplayPort 1.2, offer the versatility for the MX-Series to integrate with other instruments. Its broad connectivity enables the PiP/PbP capability that makes multitasking possible—studying different images or matching medical records—in a single display.

Medical-Grade Certified Power Supply

The MX-Series adopts a specially designed low-voltage medical-grade power supply to ensure safety, performance, and reliability in any professional medical environment. Compliance with the IEC/EN60601-1 standards ensures their safe and reliable performance in demanding medical settings.

Features

- Full HD 1920 x 1080 resolution
- Anti-Burn-in[™] technology prevents image ghosting
- NeoV[™] Optical Glass and metal housing for excellent cleanability and protection
- Crisp 20,000,000:1 dynamic contrast ratio
- Compliance with DICOM Part 14 with calibrated greyscale and brightness
- Medical adapter certified to the IEC/EN 60601-1 medical design
- Equipotential terminal connector
- White exterior design for easy contaminant detection
- PiP/PbP functions enable multi-source viewing simultaneously

Specifications MX-24

- Image Enhancer: 3D Deinterlace / Noise Reduction
- Versatile connectivity: DisplayPort, HDMI, DVI, VGA
- EcoSmart Sensor automatically adjusts brightness level according to ambient lighting conditions
- Flicker-free display technology reduces eye discomfort
- Black-level adjustment for presenting more details in dark images
- VESA mounting for flexible installation in healthcare settings
