BenQ GW2480T Eye-Care Monitor

IPS Wide Viewing Angle Technology

IIPS (In-Plane Switching) Technology provides accurate color and image reproduction from any angle. An expansive 178° viewing angle is ideal for work and for on-screen reviews with multiple people in the room.

Ergonomic Design

Easily customize the height, tilt, pivot, stroke and swivel of the monitor to create a perfect user environment and workspace so you can enjoy all the images in their full contexts.

Frameless Design to Enlarge Your Workspace

With a 6.63 mm of intrusive bezel width, GW2480T boasts a stylish frameless design to make the monitor look lighter and larger. You can build an edge-to-edge setup and enjoy an expansive viewing experience.

Industry-Leading Eye-Care Technology

BenQ's groundbreaking Color Weakness mode allows users to customize the amount of red or green displayed on the monitor with magenta and cyan filters, ensuring a comfortable viewing experience and color distinction for users. Additionally, users can effortlessly adjust the level of color weakness mode.

Green Certification Assurance

BenQ GW2480T is certified as EPEAT Gold by USA, Canada, Germany, TCO 7.0 and ecoFACTS to promote environment-friendly purchasing decisions for business, government, and institutional deployment.
