FUJITSU Displays - EU Energy Efficiency Class

Product fiche according to EU regulation 1062/2010 Appendix 3

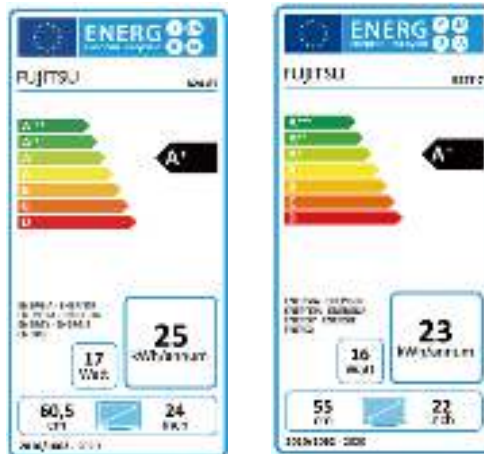

For displays with HDMI interface the EU regulation 1062/2010 declared Energy Efficiency Class labels and product fiches as mandatory for TVs and TV monitors.

FUJITSU Displays are clearly defined and positioned as data monitors for professional office, graphic or special applications like medical review or 24/7 usage.

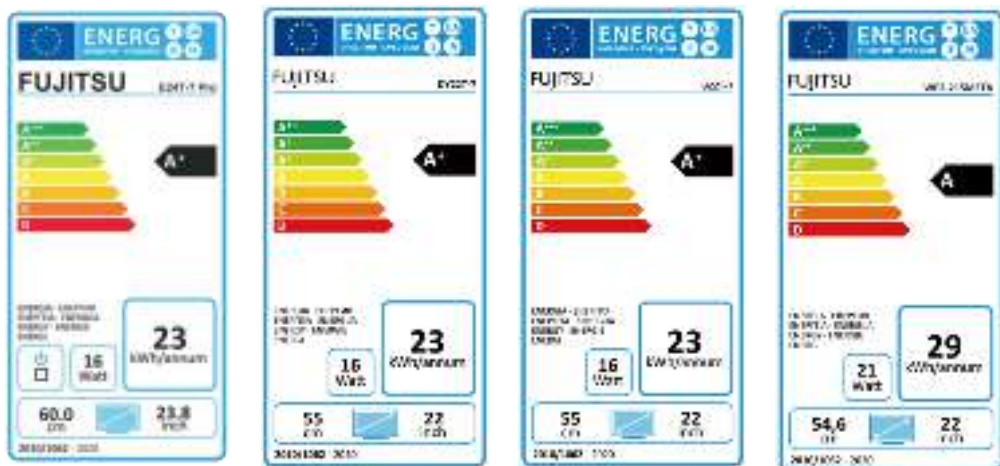

Although FUJITSU Displays are not positioned as TV monitors we provide data according to EU regulation 1062/2010 for the following displays:
