

## Lenovo C27q-35 Monitor

### Enter the picture with a quality monitor.

Gear up your home for work, study, and play.

For users ready to take on the world, either through their first job, home learning, or all-out gaming, Lenovo C27q-35 Monitor is an essential hardware they can equip themselves with. Its 27-inch Vertical Alignment panel displays fine print in documents or details in uploaded art homework projects at a QHD resolution. And, to remove distractions while editing long reports or writing an assignment for class, it sits inside a NearEdgeless frame that makes the picture seem to float. Outside of work and study, it performs just as well as with entertainment. You won't be disrupted by image tearing and stuttering because C27q-35 comes with AMD FreeSync™\*\* on board. And with a response time of just 4ms in extreme mode, even fast-paced action never lags. Moreover, it comes with TÜV Rheinland Low Blue Light and Eye Comfort certified technologies for maximized eye protection and display performance. Together, this is a monitor that is excellent to use, day or night. Plugging into a PC, laptop, or gaming console is effortless as C27q-35 Monitor connects easily by HDMI or DP port. Sound adds dimension through its Audio port, letting users listen in through headphones or a speaker system. No matter the task, it can be done clutter-free as all those cables are handled neatly out of the way through an integrated cable management system in the stand that tilts the screen to always be at the most comfortable viewing angle. And for anyone wanting to clear their desk completely, the Lenovo C27q-35 Monitor can be easily mounted on the wall with its 100 mm x 100 mm VESA wall mount-ready back panel.

Lenovo

### KEY FEATURES OF LENOVO C27q-35 MONITOR

#### Designed to perform

A bigger canvas for home productivity, learning, and entertainment with this 27-inch Vertical Alignment display designed to deliver a wider viewing angle up to 178°. It shows off every fine detail in 2560 x 1440 QHD resolution so that long-copy documents are easier to read and edit. Spreadsheets are easier to navigate. Every crucial detail in a homework assignment shows in fine resolution. Game graphics display the way they were meant to be seen. And all within a 3-sided NearEdgeless frame that maximizes screen size and lets the image "float".

#### Seamless viewing experience

Lenovo C27q-35 Monitor makes the best of a home working environment with a viewing experience that helps productivity and performance, and maximizes comfort. AMD FreeSync™\*\* technology eliminates disruptive image tearing for better entertainment. TÜV Rheinland Low Blue Light and Eye Comfort certified technologies let you work for extended periods, guarding your vision against harmful blue light and eyestrain while taking screen flicker right out of the picture.

#### Connectivity & convenience built-in

No more complex setups between equipment. Lenovo C27q-35 Monitor plugs and plays with PCs, laptops, phones, and gaming consoles through HDMI 1.4 and DP 1.4 ports. Simply play, or work, or study. And Audio Out delivers quality sound output to headphones or speakers to make video calls, online course videos, and gameplay come alive. Optimum viewing angle is assured through the tilt stand that also tidies cables away. And for an extra convenient and comfort option, the monitor has 100 mm x 100 mm VESA mounting capability.

\* AMD FreeSync™ is enabled for AMD Radeon™ Series graphics cards.
