

Lenovo L27e-40 Monitor

Works hard, plays hard.

Designed for peak productivity.

Lenovo's L27e-40 Monitor is primed for productivity and crafted to entertain. Its high-resolution, 1920 x 1080, FHD display ensures that all your work images, documents, and movies look crystal-clear. Don't miss a thing on excel sheets and other work documents on the expansive 27-inch screen. With its wide viewing angles, the VA panel lets you easily collaborate with colleagues or enjoy movies with your friends and family. The 3-side NearEdgeless display design means that you get a lot more screen real estate packaged into a smaller form factor when compared to traditional 27-inch monitors. Working on color-critical work is also possible, using the 72% NTSC color space coverage of the panel. Gaming on the Lenovo L27e-40 is a great experience with its support for AMD FreeSync™¹ and fast 100 Hz refresh rate. The availability of a vast selection of ports including two HDMI and a VGA allows you to connect multiple devices to your monitor, eliminating the need to remove and plug-in devices when you decide to use any other device such as a console. Keep your desk setup looking clean and minimal with the display's 7.0 mm slim head, stylish stand, and cloud grey color. Get rid of all cable clutter using the cable management and phone stand that is built into the monitor's base and stand. Adjusting your screen's basic and advanced settings is now more accessible with Lenovo's Artery Software². Your eyes stay protected from strain and harmful blue light while you work or play, thanks to the Eyesafe 2.0 and TÜV Hardware Low Blue Light certifications. The use of 85% recycled resin in the product plastic makes this monitor more environmentally friendly. The Lenovo L27e-40 Monitor is made to perfectly complement both your workflow and your work breaks.

Features of Lenovo L27e-40 Monitor

Chic and minimalist design

The Lenovo L27e-40 Monitor is crafted to look right at home in any contemporary desk setup. The cloud grey color and 7.0 mm slim head bring minimal, sleek sophistication to your workspace. Its stylish stand and wave pattern design doesn't just look good, it's smart and functional too. It helps keep your desk clean and clutter-free with the built-in cable management and phone stand which is integrated into the base.

Centered on collaboration and safety

Collaborating with colleagues on projects is easier than ever on the VA panel with its wide viewing angles. The 3-side NearEdgeless display design gives your workspace a contemporary and minimal look. While you work or binge on entertainment, the Lenovo L27e-40 Monitor keeps your eyes safe from strain and harmful blue light using the Eyesafe 2.0 and TÜV Hardware Low Blue Light certified technologies.

Equipped for work and play

The Lenovo L27e-40 Monitor lets you get color-critical work done in a pinch without worrying about color accuracy woes with its wide, 72% NTSC color space coverage. Enjoy your favorite games without any stutters or lag with AMD FreeSync™¹ support and the fast 100 Hz refresh rate. Connecting your laptop, console or any other device to the monitor is easier than ever using the 2 x HDMI and 1 x VGA input ports.

¹ AMD FreeSync™ technology only can work with AMD Radeon™ series graphics card. | ² This software can only be used with Windows 10 & Windows 11.
