ThinkVision S27i-30 Monitor

Made for the modern workplace.

Designed to enhance productivity.

The ThinkVision S27i-30 is an impressive monitor replete with features that make it a perfect fit no matter what your work involves. Designed to look as impressive as it works, this monitor comes in a Storm Grey color that enhances workplace aesthetics. Its 27-inch In-Plane Switching screen packs 1920 x 1080 Full-HD resolution that offers excellent image quality and clear details at wider viewing angles that's especially beneficial when you're navigating information-rich documents. A 3-side NearEdgeless design affords plenty of screen space and it is perfect for multi-display setups. Enjoy vivid colors while viewing pie charts, analytics dashboards, or editing images with the monitor's wide 99% sRGB color gamut. Its Natural Low Blue Light technology cares for your eyes by filtering out harmful blue light, offering you longer productive hours. Generous connectivity options include two HDMI 1.4 ports, a VGA port, and an audio-out port. The stand of the monitor offers excellent tilt functionality that lets you adjust it for a more comfortable working posture. But if you want to free more space on your desk, you can also VESA mount it. The ThinkVision S27i-30 Monitor helps you cut the clutter and increase desktop space with its compact stand and concise cable management system. An intuitive joystick on the monitor gives you easy and quick access to calibrate display settings to your preference. The ThinkVision S27i-30 Monitor is manufactured in accordance with the latest TCO 9.0 regulations and uses a recyclable cushion for packaging that benefits the environment.

Renders rich visuals, reduces eye strain

The ThinkVision S27i-30 Monitor hits the sweet spot when it comes to screen real estate. Its 27-inch, 1920 x 1080 Full-HD In-Plane Switching screen, with 3-side thin bezels, offers you an expansive view of the content on display, irrespective of your viewing angle. Experience vivid imagery with its wide 99% sRGB color gamut. Built-in Natural Low Blue Light technology cuts out harmful blue light emissions to reduce visual strain so you can sit back and enjoy its visual mastery.

Built for work comfort

The ThinkVision S27i-30 Monitor's diverse connectivity options include two HDMI 1.4 ports, and a VGA port to plug in your keyboard, mouse, and external storage devices. The monitor adapts well to your comfort with its tilt functionality. You can also VESA mount it to free up precious desk space. An easy assemble and quick release button ensures the ThinkVision S27i-30 Monitor is easy to set up and manage as well.

Easy on your eyes and the environment

Elevate your workplace aesthetics with the monitor's eye-catching Storm Grey color and ultra-slim design that makes it a delight for the eyes. Equal care has been taken to make the monitor eco-friendly. It is compliant with the latest TCO 9.0 regulation, the most comprehensive sustainability certification for IT products. In addition, the ThinkVision S27i-30 Monitor comes in recyclable cushion packaging that helps reduce its carbon footprint.
