# Notices

### **Federal Communications Commission Statement**

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- This device may not cause harmful interference, and
- This device must accept any interference received including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with manufacturer's instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The use of shielded cables for connection of the monitor to the graphics card is required to assure compliance with FCC regulations. Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.

As an Energy Star<sup>®</sup> Partner, our company has determined that this product meets the Energy Star<sup>®</sup> guidelines for energy efficiency. (VS229NA/VS229NA-W)

### **Canadian Department of Communications Statement**

This digital apparatus does not exceed the Class B limits for radio noise emissions from digital apparatus set out in the Radio Interference Regulations of the Canadian Department of Communications.

This class B digital apparatus complies with Canadian ICES-003.

This Class B digital apparatus meets all requirements of the Canadian Interference - Causing Equipment Regulations.

Cet appareil numérique de la classe B respecte toutes les exigences du Réglement sur le matériel brouiller du Canada.

# Safety information

- Before setting up the monitor, carefully read all the documentation that came with the package.
- To prevent fire or shock hazard, never expose the monitor to rain or moisture.
- Never try to open the monitor cabinet. The dangerous high voltages inside the monitor may result in serious physical injury.
- If the power supply is broken, do not try to fix it by yourself. Contact a qualified service technician or your retailer.
- Before using the product, make sure all cables are correctly connected and the power cables are not damaged. If you detect any damage, contact your dealer immediately.
- Slots and openings on the back or top of the cabinet are provided for ventilation. Do not block these slots. Never place this product near or over a radiator or heat source unless proper ventilation is provided.
- The monitor should be operated only from the type of power source indicated on the label. If you are not sure of the type of power supply to your home, consult your dealer or local power company.
- Use the appropriate power plug which complies with your local power standard.
- Do not overload power strips and extention cords. Overloading can result in fire or electric shock.
- Avoid dust, humidity, and temperature extremes. Do not place the monitor in any area where it may become wet. Place the monitor on a stable surface.
- Unplug the unit during a lightning storm or if it will not be used for a long period of time. This will protect the monitor from damage due to power surges.
- Never push objects or spill liquid of any kind into the slots on the monitor cabinet.
- To ensure satisfactory operation, use the monitor only with UL listed computers which have appropriate configured receptacles marked between 100-240V AC.
- If you encounter technical problems with the monitor, contact a qualified service technician or your retailer.
- Adjustment of the volume control as well as the equalizer to other settings than the center position may increase the ear-/headphones output voltage and therefore the sound pressure level.

This symbol of the crossed out wheeled bin indicates that the product (electrical, electronic equipment, and mercury-containing button cell battery) should not be placed in municipal waste. Please check local regulations for disposal of electronic products.

### AEEE yönetmeliğine uygundur

# **Care & Cleaning**

- Before you lift or reposition your monitor, it is better to disconnect the cables and power cord. Follow the correct lifting techniques when positioning the monitor. When lifting or carrying the monitor, grasp the edges of the monitor. Do not lift the display by the stand or the cord.
- Cleaning. Turn your monitor off and unplug the power cord. Clean the monitor surface with a lint-free, non-abrasive cloth. Stubborn stains may be removed with a cloth dampened with mild cleaner.
- Avoid using a cleaner containing alcohol or acetone. Use a cleaner intended for use with the monitor. Never spray cleaner directly on the screen, as it may drip inside the monitor and cause an electric shock.

### The following symptoms are normal with the monitor:

- The screen may flicker during the initial use due to the nature of the fluorescent light. Turn off the Power Switch and turn it on again to make sure that the flicker disappears.
- You may find slightly uneven brightness on the screen depending on the desktop pattern you use.
- When the same image is displayed for hours, an afterimage of the previous screen may remain after switching the image. The screen will recover slowly or you can turn off the Power Switch for hours.
- When the screen becomes black or flashes, or cannot work anymore, contact your dealer or service center to fix it. Do not repair the screen by yourself!

### Conventions used in this guide

WARNING: Information to prevent injury to yourself when trying to complete a task.

CAUTION: Information to prevent damage to the components when trying to complete a task.

IMPORTANT: Information that you MUST follow to complete a task.

NOTE: Tips and additional information to aid in completing a task.

### Where to find more information

Refer to the following sources for additional information and for product and software updates.

#### 1. ASUS websites

The ASUS websites worldwide provide updated information on ASUS hardware and software products. Refer to http://www.asus.com

#### 2. Optional documentation

Your product package may include optional documentation that may have been added by your dealer. These documents are not part of the standard package.

# **Takeback Services**

ASUS recycling and takeback programs come from our commitment to the highest standards for protecting our environment. We believe in providing solutions for our customers to be able to responsibly recycle our products, batteries and other components as well as the packaging materials.

Please go to <u>http://csr.asus.com/english/Takeback.htm</u> for detail recycling information in different region.

### **Congratulations!**

### This product is TCO Certified – for Sustainable IT

TCO Certified is an international third party sustainability certification for IT products. TCO Certified ensures that the manufacture, use and recycling of IT products reflect environmental, social and economic responsibility. Every TCO Certified product model is verified by an accredited independent test laboratory.

This product has been verified to meet all the criteria in TCO Certified, including:

#### **Corporate Social Responsibility**

Socially responsible production - working conditions and labor law in manufacturing country

#### **Energy Efficiency**

Energy efficiency of product and power supply. Energy Star compliant, where applicable

#### **Environmental Management System**

Manufacturer must be certified according to either ISO 14001 or EMAS

#### **Minimization of Hazardous Substances**

Limits on cadmium, mercury, lead & hexavalent chromium including requirements for mercury-free products, halogenated substances and hazardous flame retardants

#### **Design for Recycling**

Coding of plastics for easy recycling. Limit on the number of different plastics used.

#### Product Lifetime, Product Take Back

Minimum one-year product warranty. Minimum three-year availability of spare parts. Product takeback **Packaging** 

Limits on hazardous substances in product packaging. Packaging prepared for recycling

#### Ergonomic, User-centered design

Visual ergonomics in products with a display. Adjustability for user comfort (displays, headsets) Acoustic performance – protection against sound spikes (headsets) and fan noise (projectors, computers) Ergonomically designed keyboard (notebooks)

## Electrical Safety, minimal electro-magnetic Emissions

#### Third Party Testing

All certified product models have been tested in an independent, accredited laboratory.

A detailed criteria set is available for download at <u>www.tcodevelopment.com</u>, where you can also find a searchable database of all TCO Certified IT products.

TCO Development, the organization behind TCO Certified, has been an international driver in the field of Sustainable IT for 20 years. Criteria in TCO Certified are developed in collaboration with scientists, experts, users and manufacturers. Organizations around the world rely on TCO Certified as a tool to help them reach their sustainable IT goals. We are owned by TCO, a non-profit organization representing office workers. TCO Development is headquartered in Stockholm, Sweden, with regional presence in North America and Asia.

# 1.1 Welcome!

Thank you for purchasing the ASUS® LCD monitor!

The latest widescreen LCD monitor from ASUS provides a broader, brighter and crystal-clear display, plus a host of features that enhance your viewing experience.

With these features, you can enjoy the convenience and delightful visual experience that the monitor brings to you!

# 1.2 Package contents

Check your package for the following items:

- ✓ LCD monitor
- ✓ Monitor base
- ✓ Quick start guide
- ✓ Warranty card
- ✓ Power cord
- ✓ VGA cable
- ✓ DVI cable (VS229NA/VS229NA-W)

If any of the above items is damaged or missing, contact your retailer immediately.

# **1.3** Monitor introduction

### 1.3.1 Front view

- 1. S, A button:
  - Selects a desired preset mode. (S)
  - Exits the OSD menu or goes back to the previous menu when the OSD menu is active. (
    )
  - Automatically adjusts the image to its optimized position, clock, and phase by pressing this button for 2-4 seconds (for VGA mode only). (
- 2. ₪/▼
  - Decreases values or moves your selection left/down.
  - Activates the QuickFit function.(Please refer to 1.3.3 QuickFit Function).
     (/▼)
- 3. MENU button:
  - Turns on the OSD menu. Enacts the selected OSD menu item.
- 4. ☆/▲
  - Increases values or moves your selection right/up.
  - Brightness hotkey
- 5. O Power button/power indicator
  - Turns the monitor on/off.
  - The color definition of the power indicator is as the below table.

| Status | Description  |
|--------|--------------|
| Blue   | ON           |
| Amber  | Standby mode |
| OFF    | OFF          |

## 1.3.2 Back view

#### **Rear connectors**

- 1. **AC-IN port.** This port connects the power cord.
- 2. **DVI port.** This 24-pin port is for PC (Personal Computer) DVI-D digital signal connection.
- 3. VGA port. This 15-pin port is for PC VGA connection.

### 1.3.3 QuickFit Function

The QuickFit function allows users have a preview of the document or photo layout directly on screen without printing test copies.

To activate QuickFit, press the QuickFit hotkey, and then press the MENU key to switch between different pattern sizes.

When QuickFit is activated, press the control buttons on the front panel to make adjustments. The QuickFit OSD displayed in the lower right corner of the screen will guide users to make selections.

The QuickFit OSD shown on the screen is not accessible by tapping on it.

# 2.1 Assembling the monitor arm/base

To assemble the monitor base:

- 1. Have the front of the monitor face down on a table.
- 2. Connect the base with the arm of monitor and turn clockwise.
- 3. Adjust the monitor to the angle that is most comfortable for you.

# 2.2 Adjusting the monitor

- For optimal viewing, we recommend that you look at the full face of the monitor, then adjust the monitor to the angle that is most comfortable for you.
- Hold the stand to prevent the monitor from falling when you change its angle.
- The recommended adjusting angle is +20° to -5°.

It is normal that the monitor slightly shakes while you adjust the viewing angle.

# 2.3 Detaching the arm/base (for VESA wall mount)

The detachable arm/base of this monitor is specially designed for VESA wall mount.

To detach the arm/base:

- 1. Have the front of the monitor face down on a table.
- 2. Remove the rubbers in the four screw holes. (Figure 1)
- 3. Remove the base (Figure 2).
- 4. Pry the rear hinge cover (Figure 3).
- 5. Use a screwdriver to remove the four screws on the hinge (Figure 4), then remove the hinge.

# 2.4 Connecting the cables

Connect the cables as the following instructions:

- **To connect the power cord**: connect one end of the power cord securely to the monitor's AC input, the other end to a power outlet.
- To connect the VGA/DVI cable:
  - a. Plug one end of the VGA/DVI cable to the monitor's VGA/DVI port.
  - b. Connect the other end of the VGA/DVI cable to your computer's VGA/ DVI port.
  - c. Tighten the two screws to secure the VGA/DVI connector.

When these cables are connected, you can choose the desired signal from the Input Select item in the OSD menu.

# 2.5 Turning on the monitor

Press the power button  $\bigcirc$ . See page 1-2 for the location of the power button. The power indicator  $\bigcirc$  lights up in blue to show that the monitor is ON.

# 3.1 OSD (On-Screen Display) menu

### 3.1.1 How to reconfigure

- 1. Press the MENU button to activate the OSD menu.
- Press @/▼, and ☆/▲ to navigate through the functions. Highlight the desired function and press the MENU button to activate

| ALM BOARD IN |                          |  |

it. If the function selected has a sub-menu, press  $\textcircled{m}/\nabla$ , and  $\doteqdot/\blacktriangle$  again to navigate through the sub-menu functions. Highlight the desired sub-menu function and press the MENU button to activate it.

- 3. Press  $\textcircled{m}/ \nabla$ , and  $\dddot{}/ \blacktriangle$  to change the settings of the selected function.
- 4. To exit and save the OSD menu, press the Se button repeatedly until the OSD menu disappears. To adjust other functions, repeat steps 1-3.

### 3.1.2 OSD function introduction

#### 1. Splendid

This function contains six subfunctions you can select for your preference. Each mode has the Reset selection allowing you to maintain your setting or return to the preset mode.

| Make and  |                                       |    |

|   | tan ⊒Dan ⊠en                          |    |

- Scenery Mode: best choice for scenery photo display with SPLENDID™ Video Enhancement.
- Standard Mode: best choice for document editing with SPLENDID™ Video Enhancement.
- Theater Mode: best choice for movies with SPLENDID™ Video Enhancement.
- **sRGB Mode**: best choice for viewing photos and graphics from PCs.
- Reading Mode: This is the best choice for book reading.
- **Darkroom Mode**: This is the best choice for a weak ambient light environment.

In the Standard Mode, the ASCR, Saturation and Sharpness functions are not user-configurable.

### 2. Color

You can adjust Brightness, Contrast, Saturation, Color Temp., and Skin Tone from this menu.

 Brightness: the adjusting range is from 0 to 100. ☆ /▲ is a hotkey to activate this function.

| M. Mariel | 0.000        | 10      |        |    |
|-----------|--------------|---------|--------|----|
|           | Arrest and   |         |        | 14 |
| 🚓 san     | Serv. Inc.   | -0      |        |    |
| W. And    | when service | An Note |        | 10 |
| Diamana.  | GM-1 is      | -1      | Scenel | 2  |
| Second a  |              |         |        |    |

- **Contrast**: the adjusting range is from 0 to 100.
- Saturation: the adjusting range is from 0 to 100.
- **Color Temp.**: contains four modes including Cool, Normal, Warm, and User Mode.
- Skin Tone: contains three color modes including Reddish, Natural, and Yellowish.

In the User mode, colors of R (Red), G (Green), and B (Blue) are user-configurable; the adjusting range is from 0-100.

#### 3. Image

You can adjust Sharpness, Trace Free, Aspect Control, ASCR, Position (VGA only), and Focus (VGA only) from this menu.

- **Sharpness**: the adjusting range is from 0 to 100.
- **Trace Free**: adjusts the response time of the monitor.

| Margaretti 👘    | sheepers         | 11 |     | ie.   |
|-----------------|------------------|----|-----|-------|
|                 | ment and         |    |     | - Ir  |

| PH 114          | 0.4              | -4 |     | ie.   |
|                 | Fords 1          |    |     | ie ie |
| -El Contra a la | E201             |    |     | ie.   |
| 🛠 anna an       |                  |    |     |       |
|                 |                  |    |     |       |

- Aspect Control: adjusts the aspect ratio to "Full", or "4:3".
- ASCR: turns on/off the ASCR (ASUS Smart Contrast Ratio) function.
- **Position**: adjusts the horizontal position (H-Position) and the vertical position (V-Position) of the image. The adjusting range is from 0 to 100.
- **Focus**: reduces Horizonal-line noise and Vertical-line noise of the image by adjusting (Phase) and (Clock) separately. The adjusting range is from 0 to 100.

- Phase adjusts the phase of the pixel clock signal. With a wrong phase adjustment, the screen shows horizontal disturbances.
- Clock (pixel frequency) controls the number of pixels scanned by one horizontal sweep. If the frequency is not correct, the screen shows vertical stripes and the image is not proportional.

#### 4. Input Select

In this function, you can select your desired input source.

Lancare

ALC: NO

Elv.

14.0

#### 5. System Setup

Allows you to adjust the system.

- Splendid Demo Mode: splits the screen into two for Splendid modes comparison.
- ECO Mode: reduces power consumption.
- OSD Setup:
  - \* Adjusts the horizontal position (H-Position)/the vertical position (V-Position) of the OSD from 0 to 100.

(c) and ex...

🐮 dynam 🕈 ar

- \* Adjusts the OSD timeout from 10 to 120 seconds.
- \* Enables or disables the DDC/CI function.
- \* Adjusts the OSD background from opaque to transparent.
- **Keylock:** enables the key lock function. A long press for 5 seconds on the MENU Button disables the key lock function.
- Information: shows the monitor information.

- Language: there are 21 languages for your selection, including English, French, German, Italian, Spanish, Dutch, Portuguese, Russian, Czech, Croatian, Polish, Romanian, Hungarian, Turkish, Simplified Chinese, Traditional Chinese, Japanese, Korean, Thai, Indonesia, Persian.
- All Reset: "Yes" allows you to restore the default settings.

# 3.2 Specifications summary (VS229NA/ VS229NA-W)

| Panel Type                     | TFT LCD  |
|--------------------------------|--|
| Panel size                     | 21.5"W (16:9, 54.6 cm) wide screen   |
| Max. Resolution                | 1920 x 1080  |
| Pixel pitch                    | 0.248 mm   |
| Brightness (Typ.)              | 250 cd/m <sup>2</sup>  |
| Contrast Ratio (Typ.)          | 3000:1   |
| Contrast Ratio (Max.)          | 80,000,000:1 (with ASCR on)  |
| Viewing angle(H/V) CR>10       | 178°/178°  |
| Display colors                 | 16.7 M   |
| Response time                  | 5 ms (Gray to gray)  |
| SPLENDID™ Video                | Yes  |
| Enhancement                    |  |
| SPLENDID™ selection            | 6 video preset modes (by hotkey)   |
| Auto adjustment                | Yes (by hotkey)  |
| Color temperature selection    | 4 color temperatures   |
| Skin-Tone selection            | 3 skin-tones   |
| Digital input                  | DVI  |
| Analog input                   | D-Sub  |
| Colors                         | Black (VS229NA), White (VS229NA-W)   |
