

32BL95U-W UltraFine™ 4K UHD Monitor

▶ 32BL95U-W

32" class (31.5" diagonal)

- Native Resolution 4K UHD (3840 x 2160)
- VESA DisplayHDR™ 600, DCI-P3 98% (Typical)
- 4K Daisy Chain
- AMD Radeon FreeSync™ Technology
- 5W x 2 Stereo Speakers with Rich Bass
- In port (Power Delivery: ~60W) and Out port (4K Daisy Chain)
- Thunderbolt™3, DP1.4, HDMI2.0b, USB3.0 2dn, H/P out
- Adjustable Stand: Tilt / Height / Pivot

Images on screen are simulated

THE MOST DETAILED COLOR GRADING

UHD 4K resolution presents breathtaking clarity and fine detail with four times the resolution of Full HD. Furthermore, through Hardware Calibration, it preserves the original intended color.

MORE VIBRANT IMMERSION

The 32BL95U-W supports VESA DisplayHDR™ 600, which is able to display a broad luminance of up to 600 candelas (cd/m²) to deliver a more dramatic, immersive visual experience. In particular, the latest large-scale HDR movies can be experienced with greater immersion as if the viewer were part of the scene.

THE MOST PRODUCTIVE DISPLAY SET-UP

Through the latest Thunderbolt™ 3 Daisy Chain technology, 32BL95U-W, which supports 4K resolution, can offer a dual-monitor configuration through connection to a MacBook Pro. This provides a wide work space while maximizing efficiency by sending and receiving large amounts of data with ease.

PERFECT MAC COMPATIBILITY

With Thunderbolt™ 3, the 32BL95U-W can provide greater productivity and efficiency. Once a MacBook Pro is connected to the monitor through the Thunderbolt™ 3 cable, charging at 60W begins, and fast data transmission completes the ideal display set-up.
