

Lenovo G34w Monitor

GAMES THE WAY THEY ARE MEANT TO BE PLAYED

With the Lenovo G34w-10, gaming is a lot more thrilling. The WQHD, curved panel is designed to bring you an immersive gaming experience and draw you right into whatever world the game is in. To bring you smooth gameplay that's free of any input lag and screen-tearing, this monitor has a 144 Hz refresh rate coupled with built-in AMD Radeon FreeSync™*. When engulfed in your game, its Low Blue Light technology protects your eyes from strain. The monitor, a high-performance gaming device, is aesthetically built and aims to bring you an incomparable gaming experience.

ABSOLUTE IMMERSION

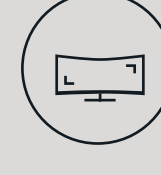

Exciting games need a powerful monitor that can keep up. The arching display of the G34w has an ultra-wide 21:9 aspect ratio with a total resolution of 3440 x 1440 pixels that envelopes your entire peripheral offering more viewing space when compared to a similarly sized 16:9 monitor. Narrow bezel 3-side NearEdgeless 1500R curved monitor shortens the distance between your eyes and both sides of the screen, letting you absorb it all in—perfect for ebullient gamers.

UNRESTRICTED GAMING

The Lenovo G34w comes equipped with AMD Radeon FreeSync™ technology* that cuts down screen tearing and choppiness—your gameplay is rendered smooth, the way it was meant to be. This monitor also has a high 144 Hz refresh rate, minimizing motion blur and keeping you at pace with all in-game movements. This monitor has a snappy 1ms response time with Moving Picture Response Time** (MPRT) that translates to lower ghosting in fast games, so you experience unshackled gaming, every time.

EXCEPTIONAL ERGONOMICS

This Low Blue light-certified and flicker-free monitor helps protect your eyes so you can play worry free. Your back and neck can also take it easy as the G34w comes with a stand that can be lifted and tilted to give you perfect posture and a clear view. Optimize your gaming rig by connecting to multiple accessories via HDMI 2.0, DP 1.4, and an audio out for maximum performance.
