

Lenovo Q24h

ULTRA-SLIM DISPLAY FOR UNCOMPROMISED USER EXPERIENCE

Designed to Dazzle. Powered to Perform.

The perfect showstopper for your home office and entertainment needs, the Lenovo Q24h-10 monitor blends style and performance to offer an unmatched user experience. The pixel-perfect visuals on its 23.8-inch QHD display allow you to work efficiently, binge watch your favorite shows, or indulge in light gaming with consummate ease. Exhibiting a luxurious graphite gray finish and 6.2 mm ultra-slim chassis, the Lenovo Q24h-10 makes heads turn with its minimalistic yet premium design that doesn't compromise your desk space. Eye-care technology and advanced USB Type-C connectivity with Smart Power-enabled intelligent power management complete your impeccable smart office home office (SOHO) setup.

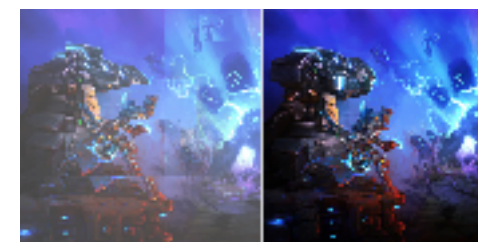

Display That's Nothing Short of Stunning

Make your work stand out on its QHD (2560 x 1440) high-resolution display with 99% sRGB color gamut. Never miss a detail on its In-Plane Switching (IPS), 3-side NearEdgeless display with a 178° viewing angle that allows you to view and share content with ease. The space-saving, warm gray stand adds a touch of elegance and assimilates with your taste and the contemporary look of your home interiors while decluttering your desk space.

All About Versatile Connectivity and More

Lenovo Q24h-10 allows you to do more than just view your work. This extended USB-C Hub monitor offers a one-cable solution for power, data, video, and audio transfers. The Smart Power function detects overall power consumption and dynamically manages the power delivery to each USB device. It offers up to 80W¹ of power delivery through the USB Type-C cable, reducing maximum power consumption. HDMI ports and DisplayPort enable seamless multitasking for you to connect the monitor to a laptop, smartphone, or any other smart device and work efficiently.

No AMD FreeSync™

AMD FreeSync™ On

Built for the Thrill Seekers

Level up the entertainment quotient with a feature-packed monitor that's designed for casual gaming. AMD FreeSync™2 technology, 75 Hz refresh rate, and 4ms response time, all work together to provide you smooth, stutter-free gameplay. What's more, the flicker-free and anti-glare technology on this TÜV Rheinland Eye Comfort-certified monitor protects your eyes by reducing strain. Additionally, two in-built dual 3W speakers perfectly complement your gaming experience.
